SIEMENS

M/s. Symatrix Industrial Controls
Hyderabad,

is our **Authorised Channel Partner**, since 2020 for
Low Voltage Motors.

Vivek Chadha
Country Sales Head - LVM

Harshavardhan Aghaw
Country Sales FIN Head - LVM

About Us :

We Serve one of leading service provider for Wholesale, Export, Import, Trader of Industrial Electrical electronic & automation parts like Drive, HMI, AC drives, Servo motors, VFD and many more. We also Offers electrical equipment products ranging from Switchgears, Circuit breakers, panel board, PLC, Motors, Variable frequency drive, HMI and many more.

***We are Authorised channel partner for SIEMENS-Switchgears, Motors, Industrial Automation, CNC Automation(MCMT) & Innometrics Motors.** We are since 21 years in the same relevant Industry.*

We supply the widest range of switchgears for all industrial applications which has been tried, tested & trusted. We provide complete solutions for industrial automation equipment parts & electric parts at the lowest prices in the market.

We provide solutions to control and Power requirements across a broad range of industries, including Cement, Pharma, Textile, Plastic, Crane, Elevator , OEMs, Panelboard Builders, Building and other Infra engineering segments

Over the years, we have grown to meet each new challenges in the market through innovative products development, continuous process improvements and a commitment to high quality standards. We also have experienced team brings a wealth of knowledge, skills, and abilities to the table, making them valuable assets to the company's success and growth.

*As an electrical solution specialist, we offer electrical power products ranging from switch gears, breakers, panel boards, Motor . The company also offers control products such as variable frequency drive, soft starters, UPS , motors and even lighting fixtures. We are dealing as parts in **SIEMENS, DELTA, ABB, Schneider Electric, BCH, Mitsubishi , Danfoss, Omron, L&T etc.***

OUR Vision & Mission

Our Vision remains to be one among the leading Automation Solution Provider & Process Control Systems by providing Professional and total customer satisfaction through effective customer communication, on-time deliveries, defect-free products, and a total quality system that promotes constant improvement of our services and operations.

Employing a diverse workforce, utilizing best practices and giving employees the tools they need to do the job right in order to efficiently deliver a level of high quality, cost effective products to our customers and through it all.

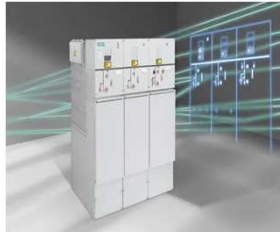

Our mission remains to provide the best competitive price to our customers.

Our Main Products Brands

Our Products

Panel Boards :

VCB Outdoor Panel

MCC Control Panel

Electrical Panel

Vacuum Circuit Breaker Panel

AFC Panel

PCC Panel

Switchgear Panel
(Low/Medium/High)

AC & DC Drive Panel

Switch Gears :

Low/High Voltage Switchgear

Electrical Switchgear

DBS Switchgear

Overload Relay

Motors :

IEC Squirrel Cage Induction Motor

Induction Motor

Industrial Motors

Electric Motor

Siemens Products:

Drive Panel

MCC Panel

PLC Panel

PLC Automation

Special Remote Panel

Remote I/O PLC

Comfort Panel

Touch Panel

Siemens Products:

HMI Panel

Operator Panel

SCADA System

WINCC

Distribution Boards

Meters

Energy Automation System

SMPS

Siemens Products:

Air Circuit Breaker

Miniature Circuit Breaker

Molded Case
Circuit Breaker

Motor Protection
Circuit Breaker

Residual Current Circuit Breaker
with Overcurrent Protection

Residual Current
Circuit Breaker

3VJ Molded Case
Circuit Breaker

3VJ Air Circuit Breaker

Siemens Products:

3RV Motor Protection
Circuit Breaker

3VS MOTOR Protection
Circuit Breaker

Redundant
System

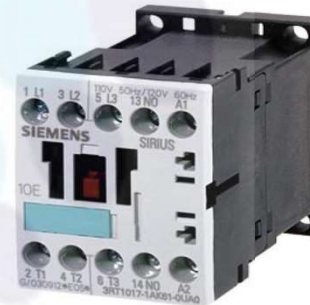

AC DRIVE

3RA Load Feeder

3RT Power
Contactor

4 Pole Power
Contactors

AC1 Duty Contactor

Siemens Products:

Auxiliary Contactor Block

Contactor Relay with low power consumption coil

Contactor Relay

Converter Duty Contactor

Energy Efficient Contactor

Latched Contactor Relay

Power Contactor PLC Interface Relay

Power contactor with Remaining life Time indication

Siemens Products:

Power contactors-
with fail safe input

Reversing Contactor

Star Delta Contactor

Vacuum contactors

3RP Electronic Timer

Programmable Logic
Controller

SIMOCODE

Water Level Controller

Siemens Products:

APFC Relay

Current Monitoring Relay

Insulation Monitoring Relay

Line Monitoring Relay

Microprocess Based Overload Relay

Overload Relay

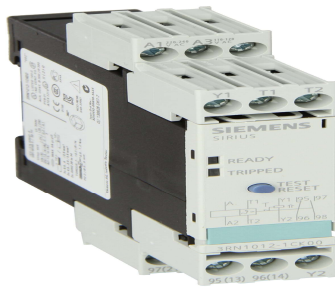

Plugin Relay

Thermal Overload Relay

Siemens Products:

Thermistor Motor Protection Relay

Timing & Monitoring Relay

Accessories for Thermal Overload Relay 3UA/3UC

Accessories for 3RU/3RB Overload Relay

High Voltage Motor

Low Voltage Motors

IE5 Motor

Industrial Motor

Siemens Products:

3RM1 Motor Starter

Push Button Station

DOL Agriculture Strater

Indicating Lamp

Safety Switch

Solid State Switching Devices

Signaling Column

Push Button Indicator Lamps

Siemens Products:

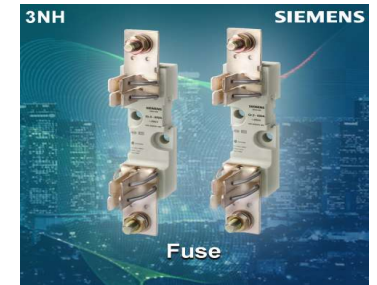

Capacitor Cuty
Contactor

Cables

MoToR Spare Parts

Fuse & Fuse Base

“Give us the opportunity to demonstrate our deep expertise in our products developed from years of design, experience and support” and we assure you that you will not be disappointed.
